Guideline Group Members

- Helen Pilmore
- Gursharan Dogra
- Toshiharu Ninomiya
- Rob Walker
- Rachel Huxley
- Hiddo Lambers Heerspink
- Matthew Roberts
- Vlado Perkovic (Convenor)
Scope

Previous guidelines:
- Lipid lowering therapy

New guidelines:
- Cardiac revascularisation
- Medical management of CAD
- Blood pressure lowering

Planned:
- Management of heart failure
- (novel risk factor management)
Timelines

Lipid lowering therapy, published 2005. Proposed for revision when SHARP published

New guidelines:

- Begun 2007
- 3 drafted over 2008 and 2009
- Sent out for review 2010
- Reviews received by authors Feb 2011
- Currently under revision, for publication this year
Challenges

- Resourcing and timeliness
- Limited data available
  - Subanalyses dominant, ? strength
- Relationship to general guidelines
  - Do we need to demonstrate efficacy or difference to general population
Presentations today

- Medical management of CAD
  - Gursharan Dogra

- Cardiac revascularisation in CKD
  - Helen Pilmore

- BP lowering and CV disease
  - Vlado Perkovic, on behalf of Rachel Huxley, Toshiharu Ninomiya and Hiddo Lambers Heerspink
