Applications are invited from Consultant Physicians with an interest in Nephrology or Nephrologists holding a FRACP or equivalent and registrable in Victoria for a full-time position at Mildura Base Hospital.

The Hospital is a new facility with 146 beds, including medicine, surgery, paediatrics, obstetrics and gynaecology, psychiatry, emergency, intensive care and rehabilitation that service a population of approximately 80,000 people.

Mildura Base Hospital’s medical unit has up to 32 beds with an additional 5 beds in the Intensive Care Unit.

The Hospital currently has 6 Physicians on staff with specialities including Gastroenterology, Oncology, Geriatrics, Cardiology and General Medicine. The successful applicant will be expected to participate in General Medical cover and lead our local renal services.

Our renal unit has 9 beds, and is capable of treating up to 36 haemodialysis patients.

We are a satellite unit of the Royal Melbourne Hospital. Staff from RMH provide a specialist clinic once a month in Mildura for dialysis, pre-dialysis and transplant patients.

The position at Mildura Base Hospital will offer:

- A very attractive rate of remuneration
- Opportunities for education, research and staff training
- A dedicated and skilled team of nurses
- Assistance with relocation expenses to the successful applicant

Applicants should have a primary medical qualification registered or registrable with the Australian Health Practitioner Regulation Agency (AHPRA), Fellowship of the Royal Australasian College of Physicians and significant experience in Medicine in a major public hospital.
